

Are you, or a loved one, living with GSD type 0, III, VI, IX ?

Join us in striving to make a difference for the GSD community!

Your voice matters. By sharing your experiences and feedback, you will help us understand the challenges of living with glycogen storage disease type 0, III, VI or IX, and shape the future of nutritional solutions designed to better meet your unique needs.

We at Human8, an independent market research company, are conducting research on behalf of a global leader in the manufacture of Foods for Special Medical Purposes that support the dietary management of a wide range of conditions!

How can you contribute ?

Here is an overview of what to expect if you decide to participate:

1. Getting to know you questions

We will start by sending you a few simple questions to see if you are eligible for the study. We will ask you to fill out a consent form to confirm your participation.

Your GSD diary of your dietary management

Help us understand your day-to-day GSD dietary routine by keeping a product diary for a week, sharing pictures or videos of the GSD products you use. We will guide how to do this easily through an app on your phone at your convenience, and it will take no more than one hour in total throughout the course of 1-week.

Online interview

To learn more about your challenges, needs, and expectations, we will host an informal video recorded individual conversation with an experienced moderator. This will last about 90-minutes via Zoom, so you can join online from the comfort of your own home at a time that suits you.

The research will consist of two stages:

Data privacy: All the information you provide will be kept confidential and only used with your consent for research purposes. This research will comply with the general data protection regulation in your country.

How to join ?

We would value you sharing your journey with us.

Your experiences will inspire the development of future GSD products for you and others!

By participating in this research, you will receive financial reward of £205.
